CAREER OBJECTIVE:

I have 1 year of hands-on experience in React and Node.js. Looking forward to secure a challenging position in the organisation to improve my skill and work for the organisation.

EDUCATION:

2022- M.Sc Computer Science from Osmania University, Hyderabad.

2020- Bachelor Of Science from NSV Degree College, Jagtial.

2017- Intermediate from SV Junior College, Jagtial.

WORK EXPERIENCE (From 2024 to till now):

Full Stack Developer (eGRADTutor)   **(From 1st March 2023 to till date)**

Educational institute offering online coaching for JEE Mains, Advanced, BITSAT, GATE exams.

- Currently working on Online Test Series platform, focusing on identifying and fixing bugs to improve functionality, user experience and performance.
- Contributed to the development of the "Admin Dashboard", enabling admins to create and manage exams, courses, and tests, which students can access to attempt mock tests. Developed and optimized update forms for courses, tests, customized APIs to meet evolving project requirements, ensures responsiveness of exams, courses, tests creation and update forms for enhanced accessibility across devices.
- Designed and implemented responsive CSS for the GATE mock test interfaces within a strict deadline of three days, ensuring seamless usability across all devices.

- Worked on responsiveness for static website for practice page as well as posting files from React to Azure blob storage, fetching them from blob so that it will be available for students in order to practice test.
- Developed a fully functional scientific calculator as part of my work. The calculator supports various mathematical functions.
